EE 5453 – Assignment #3

Due date: Feb 18, 11:59 PM

--

This is a group assignment. Work with your group. One submission per group is sufficient.

Problem #1

This is an extension of assignment #2. Extend your previous system:

(a) to support integrity (in addition to confidentiality) of exchanged files
(b) allow for files to be exchanged in either direction – that is, from client to server and server to client.
